

Statement Concerning Environmental Labelling according to Decision 97/129/EC

Product groups: **Herbapekt, Multipekt**

The product groups mentioned above delivered by Herbafood Ingredients GmbH are usually packaged as follows:

Description	Environmental Labelling
polyethylene inliner	LDPE 4
cable tie	cables ties made of plastic in stock, exact composition has not yet been provided by our suppliers
corrugated paper box	PAP 20
adhesive tape	adhesive tapes made of different materials in stock, exact composition has not yet been provided by our suppliers
stretch foil	stretch foils made of plastic in stock, exact composition has not yet been provided by our suppliers
foil on top	foils made of plastic in stock, exact composition has not yet been provided by our suppliers
cardboard	cardboards in stock, exact composition has not yet been provided by our suppliers
one-way pallet / euro pallet	FOR 50
plastic pallet	plastic pallets in stock, exact composition has not yet been provided by our suppliers
corner edge protection	usually PAP 21
strapping tape	usually PP 5

We use up our remaining packaging stock from the warehouse. Packaging which was produced or placed on the market before 31st December 2022 can still be used and does not need updated environmental labelling. The labelling of transport packaging material can also be stated on the transport documents and does not have to be applied directly on the packaging material.
